3/10/65 At 4;45 Veronica Brey called for Ivan to ask me not to plan to come on the 15ht. because he'll need a little more time. I asked her if I should figure about the middle of the week and she didn't know. I asked her to speak to him and find out and let me know because I was in the position of not being able to do abything, having to keep myself clear so I could go to New Yokk. Seh said she would.
